

SPRINGBOARD AND PLATFORM DIVING OFFICIALS

Diving Plongeon Canada (DPC) aims to ensure fair and competent officiating by Canadian diving officials and to provide leadership to the sport of diving in Canada in matters related to development, competition and events. Through combined efforts of current and former officials, the National Officials Committee, DPC staff, club and provincial section leaders, we will train, monitor and provide opportunities for springboard and platform diving officials.

For consistency and the purposes of training and eligibility, DPC has provided a description for 5 levels of springboard and platform officials. Provincial Section (PS) leaders are encouraged and welcome to use these standards and descriptions within their own section’s operations and procedures. For more information, please consult with the National Officials Committee or a DPC staff member.

LEVEL 1

GOAL: Clubs will train volunteers to judge and evaluate at local, interclub, regional, recreational, pre-competitive events and competitions within their city and province.

DELIVERY: Training and mentorship will be delivered and monitored by the PS. Each province may tailor the program to its sport development needs. Local Level 3,4 or 5 officials may conduct clinics and provide mentorship.
